Location: Riyadh, KSA

[linkedin.com/in/mohammed-younus](https://www.linkedin.com/in/mohammed-younus)

PROFESSIONAL SUMMARY

ERP growth and partnerships specialist with 10+ years across GCC, India, and US markets — focused on Microsoft Dynamics 365 (F&O, Business Central, CRM, SCM), FACTS ERP, Power BI, and AI-adjacent digital transformation sales to CFO, COO, and CIO audiences.

Experienced across the full enterprise sales cycle: market prospecting, C-suite discovery, RFP/RFQ preparation and submission, solution positioning, proposal development, contract negotiation, and closure. Skilled in partner ecosystem development, Microsoft channel sales, and consultative selling within ZATCA-regulated, Vision 2030-driven environments in KSA.

Creator and host of **The Execution Gap** — a finance and transformation podcast featuring a Managing Director of PORSCHE Consulting, FIFA World Cup Financial Director (\$960M managed), a World Economic Forum member, and the CEO of Third Stage Consulting (1,000+ global ERP projects). Builds C-suite pipeline through thought leadership and strategic podcast access.

PROFESSIONAL EXPERIENCE

ERP Growth & Partnerships Lead | World Future Co. for IT / Wrexim Technologies — Riyadh, Saudi Arabia (Hybrid)
Oct 2025 – Present

Microsoft D365 (F&O, BC, CRM) | Power BI & Power Platform | AI Solutions | ZATCA Phase 2 | Staffing & Resource Deployment | Vision 2030 KSA market

- Generated commercial output from month one in a new KSA market: facilitated multiple consultant resource placements, converted partner-referred project wins, and advanced a documented pipeline of 199+ tracked contacts and SAR-value opportunities across ERP, Power BI, AI advisory, and ZATCA integration scopes — all within 7 months.
- Managed the full enterprise sales cycle including market identification, C-suite discovery, RFP/RFQ preparation and submission, solution demos coordinated with technical architects, commercial proposal development, and contract negotiation through to closure.
- Established and managed a structured partnership network: signed NDAs with DeltaBridge Consulting (Ex-CFO, Qiddiya) and an independent KSA board-level advisory firm providing direct warm introductions into enterprise accounts; facilitated referral pipeline from Innover Global (US-based IT firm, 200+ consultants) and Third Stage Consulting.
- Hosted The Execution Gap podcast — converting world-class CFO and transformation executives into guests, simultaneously building brand authority and direct C-suite pipeline: Eric Kimberling (CEO, Third Stage Consulting — 1,000+ ERP projects, CBS/WSJ); Rami Khattar (FIFA World Cup Financial Director — \$960M, zero audit findings); Josef Nierling (MD, Porsche Consulting Italy — Davos speaker); Dr. Marc Bandemer (WEF member — 35 yrs, 11 jurisdictions); Alex Malouf (Sr. Director, ROSHN — PIF-backed, 400K homes).
- Managed active enterprise sales conversations across ERP, Power BI, ZATCA, and AI advisory scopes at: ROSHN (PIF-backed, 400K homes), Aujan Group, Humain AI (Saudi Arabia's largest AI platform — partner onboarding underway), Wared Logistics, Netaqat IT, and Medi-Sense Pharma.

- ▶ Identified and activated ZATCA Phase 2 Wave 24 (June 30, 2026) as a compliance-urgency sales trigger — built a targeted outreach campaign; pipeline of KSA SMEs newly entering mandatory e-invoicing scope.
- ▶ Built a LinkedIn content engine generating 9,735 followers, 550+ weekly profile views, 3,700+ post impressions, and a newsletter audience of 3000+ subscribers — producing consistent inbound enquiries.

Business Development Consultant — ERP & Digital Transformation | Logic X Softwares & Facts Computer

Software House LLC — Dubai, UAE (Onsite)

Dec 2021 – Jul 2025

FACTS ERP (Microsoft-platform) | FACTS HCM | ESS | Mobile Field-Force Applications | Power BI | UAE, KSA, India | 3 yrs 8 mos

Sales model: Qualified inbound leads from field sales and digital campaigns against budget, ERP-readiness, and decision-maker access. Mapped to product, coordinated technical demos, prepared RFP/RFQ responses and commercial proposals, negotiated, and closed. Post-signature delivery handed to implementation team.

Products: FACTS ERP (Microsoft-platform full-suite ERP) · FACTS HCM (HR & payroll) · ESS (Employee Self-Service) · Mobile field-force app (QR/barcode scanning, multi-level job escalation, real-time alerts) · Power BI & embedded BI · SaaS platforms

Sectors: Trading, construction, manufacturing, logistics, and distribution — SME to mid-market — across UAE, KSA, and India

- ▶ Closed 10+ ERP and enterprise software deals across a 3.8-year tenure — all complex, multi-stakeholder B2B sales with average cycles of 3–6 months. Largest single closure: AED 275,000 cross-border reseller contract (Singapore) for a mobile field-force platform — qualified, demo-coordinated, RFP responded to, negotiated, and closed end-to-end.
- ▶ Responded to and won RFPs and RFQs from enterprise procurement teams in construction, trading, and manufacturing sectors — developed tailored solution documents, commercial pricing models, and ROI justification frameworks aligned to each client's operational requirements.
- ▶ Coordinated FACTS ERP, HCM, and ESS solution demonstrations with product consultants; built custom demo scenarios mapping CFO/COO pain points (financial close delays, manual HR workflows, multi-site inventory gaps) to specific product capabilities with measurable business outcomes.
- ▶ Developed and delivered executive-level presentations and proposals to CFOs, COOs, and IT heads; managed multi-round negotiations covering licensing, implementation scope, payment terms, and SLA structures.
- ▶ Positioned Power BI and embedded BI reporting as a standalone entry point — multiple clients progressed to full FACTS ERP engagements after initial BI adoption, increasing total deal value.
- ▶ Maintained a rolling pipeline of 15–20 active opportunities via Zoho CRM with structured follow-up cadence; achieved repeat business and referrals within trading and construction client base.

Sales & Business Development — Solution Selling | Origin Softwares Pvt. Ltd. — Hyderabad, India *May 2019 – Nov 2021*

Custom ERP/CRM | Web & Mobile Development | IT Staffing | Indian enterprise market | 2 yrs 7 mos

- ▶ Closed 20+ new client contracts in 2.7 years across custom software, CRM, web, and mobile development — shorter-cycle engagements (4–8 weeks average) with higher deal frequency than enterprise ERP. Grew annual recurring revenue by approximately 30%.
- ▶ Developed and delivered tailored solution proposals and ROI-based presentations to CTOs, IT managers, and business owners; managed full sales cycle from discovery to contract signature.
- ▶ Achieved approximately 90% client retention through proactive account management — led to upsell and cross-sell into UI/UX, mobile apps, and digital services across existing client base.
- ▶ Built and led sales training for a 12-member team; embedded consultative, qualification-first methodology that improved pipeline quality and close rate.

Business Development Executive — US Market | Advantage One Tax Consulting — Hyderabad, India (US-facing remote)

Nov 2016 – Apr 2019

- ▶ Expanded client base by 38% across three international markets while maintaining 92% client satisfaction; exceeded quarterly revenue targets consistently through strategic cross-selling of tax, payroll, and bookkeeping services to corporate clients and HNIs.
